PROFESSIONAL SUMMARY

Senior React Native Developer and Mobile Team Lead with 5+ years of experience designing, scaling, and shipping cross-platform mobile applications for Android and iOS. Delivered 19+ production apps across 10+ countries spanning fintech, healthcare, e-commerce, streaming, and B2B SaaS. Deep expertise in mobile architecture, performance optimization, CI/CD, and end-to-end release management. Skilled in mentoring engineers, owning product roadmaps with leadership, and integrating modern AI tooling — Claude, GitHub Copilot, ChatGPT, Gemini — into engineering workflows to accelerate delivery and elevate code quality.

PROFESSIONAL EXPERIENCE

Mobile Team Lead | Webs Optimization Pvt. Ltd., Ahmedabad Apr 2024 – May 2026

- ▶ **Technical Lead for Callyzer Pro** — a live B2B call management and analytics Android app serving paying business clients across India.
- ▶ Author Functional Specification Documents (FSDs) for all features and lead kickoff meetings to align QA, design, and engineering on scope and acceptance criteria.
- ▶ Drive daily code reviews — enforce quality standards, eliminate redundant code, and deliver structured written feedback to upskill the team.
- ▶ Own Git branching strategy: validate feature branches, gate merges on QA sign-off, and maintain a clean development trunk for predictable releases.
- ▶ Own Firebase project end-to-end (Crashlytics, Analytics, Remote Config, FCM) — monitor ANRs and crashes, prioritize post-release fixes, and drive measurable stability gains.
- ▶ Manage Google Play Console end-to-end: staged Beta and Production rollouts, version documentation, and customer-facing release notes.
- ▶ Partner with the CEO on product roadmap and feasibility; translate business goals into actionable engineering delivery plans.
- ▶ Conduct technical interviews, mentor junior developers, and run a structured training program for React Native interns.
- ▶ Collaborate with the sales team to triage client issues — classify as usage, configuration, or technical bugs and resolve within SLAs.
- ▶ Architect scalable mobile solutions and maintain CI/CD pipelines, reducing release cycles and improving build quality.

Senior Mobile Developer | *Seven SquareTech Pvt. Ltd., Ahmedabad* Jan 2023 – Mar 2024

- ▶ Built and optimized high-performance React Native applications; led core modules and mentored junior engineers across multiple delivery teams.
- ▶ Implemented advanced state management patterns and deep REST API / Firebase integrations powering multiple production releases.
- ▶ Consistently improved app stability and performance — recognized with the **Star Performance Award**.

Junior Mobile Developer | *ManekTech Pvt. Ltd., Ahmedabad* Dec 2021 – Dec 2022

- ▶ Developed and maintained React Native apps; integrated REST APIs and Firebase services for production clients.
- ▶ Delivered client projects under tight deadlines — recognized with the **Client Appreciation & Outstanding Performance Award**.

Junior Mobile Developer | *iFlair Pvt. Ltd., Ahmedabad* Dec 2020 – Dec 2021

- ▶ Began career as a React Native Developer; built strong fundamentals in mobile architecture, debugging, and store deployment.
- ▶ Contributed to Android and iOS application releases from development through Play Store / App Store submission.
