PROFESSIONAL SUMMARY

Results-driven React Native Developer and Mobile Team Lead with 5+ years of experience building, scaling, and leading cross-platform mobile applications for Android and iOS. Expert in React Native architecture, performance optimisation, CI/CD, and end-to-end app lifecycle management. Proficient in leveraging AI tools — Claude, GitHub Copilot, ChatGPT, Gemini, and DeepSeek — to accelerate development, improve code quality, and deliver smarter solutions.

WORK EXPERIENCE

Mobile Team Lead

Apr 2024 – May 2026

Webs Optimization Pvt. Ltd. | Ahmedabad

- Technical Lead for Callyzer Pro — a live B2B call management & analytics Android app used by paying business clients.
- Author Functional Specification Documents (FSDs) for all features; run kickoff meetings to align QA and developers.
- Conduct daily code reviews — enforce quality standards, remove redundant code, and provide written feedback.
- Manage Git branching strategy: validate feature branches and merge QA-signed-off code into the development branch.
- Own Firebase project (Crashlytics, Analytics, Remote Config, FCM) — monitor ANRs and crashes; drive fixes post-release.
- Manage Google Play Console end-to-end: Beta and Production deployments, version documentation, release notes.
- Engage with CEO on product roadmap and feasibility; translate business goals into actionable delivery plans.
- Conduct technical interviews, mentor junior developers, and train React Native interns.
- Collaborate with the sales team to triage client issues — classify as usage, config, or technical bugs and resolve within SLAs.
- Architect scalable mobile solutions and maintain CI/CD pipelines to reduce release cycles and improve build quality.

Senior Mobile Developer

Jan 2023 – Mar 2024

Seven SquareTech Pvt. Ltd. | Ahmedabad

- Developed and optimised high-performance React Native applications; led key modules and mentored junior developers.
- Implemented advanced state management and deep REST API / Firebase integrations across multiple production releases.
- Consistently improved app stability and performance — awarded Star Performance Award.

Junior Mobile Developer

Dec 2021 – Dec 2022

ManekTech Pvt. Ltd. | Ahmedabad

- Built and maintained React Native apps; integrated REST APIs and Firebase services.
- Delivered client projects under tight deadlines — received Client Appreciation & Outstanding Performance Award.

Junior Mobile Developer

Dec 2020 – Dec 2021

iFlair Pvt. Ltd. | Ahmedabad

- Began professional career as a React Native Developer — built strong fundamentals in mobile architecture, debugging, and deployment.
- Contributed to Android & iOS application releases from development through to store submission.

TECHNICAL SKILLS

Mobile: React Native • Android • iOS • App Store & Play Store • In-App Purchases

Languages: JavaScript (ES6+) • TypeScript

State & Data: Redux • Context API • TanStack Query • SQLite • Realm DB • WatermelonDB

Backend & Cloud: REST APIs • Firebase (Crashlytics, Analytics, Remote Config, FCM) • Google Play Billing

AI Tools: Claude (Anthropic) • GitHub Copilot • ChatGPT • Gemini • DeepSeek

DevOps & Tools: CI/CD Pipelines • Git & GitHub • Performance Optimisation • Crash & ANR Debugging

Leadership: Technical Architecture • FSD Authoring • Code Review • Sprint Planning • Team Mentorship

KEY PROJECTS

1. Callyzer Pro

Country: India **Domain:** Call Utility / B2B **Role:** Lead App Developer **Tech:** React Native, TypeScript, Firebase, Play Billing
B2B call management & analytics platform for businesses to monitor, manage and analyse phone call activity of their sales teams. Features call logs, duration tracking, analytics, and subscription management.

2. Eyes on Score

Country: — **Domain:** Sports **Role:** Lead App Developer **Tech:** React Native
Sports archive application for browsing and tracking historical sports data, scores, and match records. Built for sports enthusiasts to access comprehensive archived sports content.

3. You Spin

Country: Africa **Domain:** Music **Role:** Lead App Developer **Tech:** React Native, Firebase, One-Signal, RevenueCat
Music application for listening, downloading, and subscribing to music content. Integrated RevenueCat for subscription management and One-Signal for push notifications.

4. Anime

Country: China **Domain:** Video Streaming **Role:** Lead App Developer **Tech:** React Native, Firebase, Redux
Anime-watching application with user subscriptions, content downloads, and language customisation options.

5. Foodies

Country: UK **Domain:** Food Delivery **Role:** Lead App Developer **Tech:** React Native, Firebase, Redux, Google Maps
Food delivery application with user-friendly ordering features, real-time tracking via Google Maps, and Firebase integration.

6. 2Link

Country: — **Domain:** Dating / Social **Role:** Lead App Developer **Tech:** React Native
Dating application connecting users based on interests and preferences. Features profile creation, smart matching, and in-app messaging for meaningful connections.

7. Bluebird (Bluesky Clone)

Country: — **Domain:** Social Media **Role:** Lead App Developer **Tech:** React Native, AI Content Moderation
Twitter-like social media platform with advanced AI-powered content moderation that automatically detects and blocks sexual content, hate speech, and policy-violating posts — ensuring a safe and clean user experience.

8. Good Talk

Country: Africa **Domain:** Media / Motivation **Role:** Developer **Tech:** React Native, Firebase, Redux, RevenueCat
Motivational video application with features like liking, sharing, commenting, and Instagram reel sharing. Integrated RevenueCat for subscriptions.

9. Healthcare App

Country: USA **Domain:** Medical **Role:** Developer **Tech:** React Native, Firebase
Health monitoring application for checking family health, storing medical data, tablet schedules, and full-body scanning. Firebase used for social login and crash reporting.

10. Mingora

Country: In House **Domain:** Hotel Management **Role:** Developer **Tech:** React Native, Firebase, Redux, Stripe
Hotel booking application for tables, rooms, and food orders. Features online payments, order tracking on Google Maps, chat functionality, and Stripe integration.

11. Expo Transporter

Country: USA **Domain:** Logistics **Role:** Developer **Tech:** React Native Expo
Ship transporter application monitoring containers, temperature, and shipment details. Operated in offline mode with in-app purchase functionality.

12. PriceMice

Country: USA **Domain:** E-Commerce **Role:** Developer **Tech:** React Native, Stripe
Consumer buying platform empowering individuals with purchasing power, addressing the need for affordable products and services. Integrated Stripe for payments.

13. GBS User App

Country: India **Domain:** Enterprise Communication **Role:** Developer **Tech:** React Native, Firebase, Redux

Intranet enterprise communication app with chat rooms, messaging, audio/video sharing, role-defined channels, and Firebase push notifications.

14. Ecompendium

Country: Australia **Domain:** Hotel Management **Role:** Developer **Tech:** React Native, Firebase, Redux
Two companion applications (Guest & Staff) for hotel management domain, covering guest services and staff operations.

15. Book My Temple

Country: India **Domain:** Booking **Role:** Developer **Tech:** React Native, Firebase, Redux
Booking application focused on temples, functions, and prayer sheets with online reservation features.

16. Woocommers Shopping App

Country: Dubai **Domain:** E-Commerce **Role:** Developer **Tech:** React Native, Firebase, Redux, In-App Purchases
Online homemade shopping application with buy, favourites, search, and filter functionality. Integrated in-app purchases.

17. Swadha

Country: India **Domain:** Finance **Role:** Developer **Tech:** React Native, Redux, Push Notifications, In-App Purchases
Finance loan application enabling users to apply for loans, access customer support, calculate EMI, and manage loan-related functionalities.

18. EPIC

Country: South Africa **Domain:** E-Commerce / Beverage **Role:** Developer **Tech:** React Native, Redux, Push Notifications, In-App Purchases
Beverage shopping application for buying drinks with item selection, favourites, and online/in-store purchase options via sockets.

19. Shesha

Country: South Africa **Domain:** HR / Enterprise **Role:** Developer **Tech:** React Native, Redux, Push Notifications
HR development application for employees and employers covering login, document uploads, leave applications, and salary details.

EDUCATION

Bachelor of Science (B.Sc.) – Computer Science

IIMT, Delhi • Graduated 2021 • Android Knowledge Certification – Google

ACHIEVEMENTS

- Star Performance Award — Seven SquareTech Pvt. Ltd.
- Client Appreciation & Outstanding Performance Award — ManekTech Pvt. Ltd.
- Android Knowledge Certification — Google
